RIL deal: Future may fight arbitration award

Late on Sunday evening, Reliance Retail Ventures (RRVL), a unit of Reliance Industries (RIL), has already said that its agreement with Future Retail was based on sound legal advice and that it is going to close the transaction shortly. "RRVL intends to enforce its rights and complete the transaction in terms of the scheme and agreement with Future group without any delay," it had said.

Amazon, which acquired an indirect minority stake in Future Retail last year, has alleged that Future's sale of its retail, wholesale, logistics and warehousing businesses to Reliance breached its pre-existing contract, which included a right of the first offer and a non-compete clause.

On Sunday, the Singapore International Arbitration Centre restrained Future Retail and its founders from going ahead with the sale until a final decision is given.

In the past, several instances awards by international arbitration tribunals have been challenged by the aggrieved party in the high courts in India.

"What needs to be seen if the award can be said to be governed by Indian law or seated in India. If that is the case, objections to the award may be filed in India under Section 34 of the Arbitration and Conciliation Act, 1996. Otherwise challenges to foreign seated arbitrations are not entertained before Indian Courts and remedy of appeal lies as per Singapore Law," a legal expert told FE on condition of anonymity.

Big Tech calls for EU legal protections to tackle bad content

The new rules would protect platforms from liability for what's posted on their sites, unless they have actual knowledge of its presence, for instance if a user flags it as harmful. Once platforms are made aware of illegal content, they're obliged to act fast to remove it.

Varied case law and lack of clarity over what should be considered "actual knowledge" has prevented platforms from being more proactive in dealing with bad content at the risk of facing legal repercussions for hosting it, El Ramly said.

Tech firms fear that by removing content voluntarily, such as with algorithms or other systems to detect infringements, they could be

deemed to have actual knowledge, and therefore be liable for hosting the bad posts. Under new rules, providers should still be held accountable for inaction if they receive a substantiated notification of a specific illegality, the association said.

—BLOOMBERG

Land lease: Railways to slash rentals, Concor sale to get a leg-up

The LLF being charged by the transporter now is 6% of land value in the first year of licence; the rate will increase at a rate of 7% annually to factor in inflation.

The new regime has proven to be expensive for Concor - while it paid ₹120 crore as land rentals to the railways in FY20, a similar amount was paid in just the first quarter of FY21. This negatively impacted the company's profit after tax, which declined 73% on year to ₹62 crore in Q1FY21.

According to official sources, an inter-ministerial panel is now weighing an LLF regime under which the first-year rate would not be more

than 5% (it could even be fixed at as low as 2%), and annual inflation rate would be a more realistic 5%, which is within the RBI inflation target of 4+/-2%.

Concor has as many as 64 inland container depots and some 25 of these are situated on the railway land. Even before the latest rate revisions, the cost of using railways land was higher for the company, than what it had to fork out to farmers and other land sellers. The company has been trying to reduce the share of railway land for its container depots.

The Centre plans to sell a 30.8% stake in Concor to strategic buyer, while its total holding is 54.8%.

In March this year, the Concor stock plummeted 52-week low of ₹263.2, down 57% from the 52-week high of ₹617.4. Thanks to the buzz that LLF may be reduced, the stock has recovered some ground recently. At last Monday's closing price of ₹384, the Centre's 30.8% stake was worth ₹7,206 crore on the BSE; this was still 34.5% lower than ₹11,000 crore on November 20, 2019, when the Cabinet gave its nod for the stake sale.

Railways' LLF policy was originally applicable to land let out for commercial purposes such as opening bookshops,

kiosks, etc, but it was extended to container business (industrial use) this year.

ICICI Securities said in a note recently: "Land issue creates greater challenges amid weak volumes. From April 1, the railway ministry revised the annual LLF norms for Concor (railway land on which 25 of Concor's total 64 terminals operate). The change should be seen in the backdrop of Concor's privatisation, as earlier mode of LLF payment provided certain advantage to the company's other private container terminal operators. Earlier method of payment was based on Concor's volumes and was, thus, variable in nature (₹1,175/TeU)."

"The revised mode of payment is fixed in nature. This has caused LLF payment to jump from the earlier ₹120 crore paid in FY20 to (an estimated) ₹450 crore in FY21. However, as per the Concor management commentary, the ministry has demanded an even higher fee of ₹777 crore (for two of its biggest terminals) that the management is actively contesting. Hence, in an environment of steep volume de-growth, the fixed nature of expense is expected to create margin pressure for the company," it wrote.

In its annual report for

FY20, Concor said: "The recent change in the Railways method for charging LLF at the rate of 6% of value of land, will have significant impact on the Company's financials and the same has been suitably represented to the Railways. Taking into consideration the business viability and to mitigate the impact of increased LLF on Railway land, the company has surrendered its fifteen terminals built on railway land."

Post-2005, Concor has not picked up any land from railways as it bought land along rail tracks from farmers at cheaper rates.
